

This game can be played on any device that has Microsoft PowerPoint, including PC computers, MacBooks, tablets and iPads.

This game works best as a single player game that can be sent to students for extra practice.

Students get three answer choices. They can click on the choice they believe is the answer.

X's for wrong answer. Checks for the right answer and it will appear in the equation.

Here are some of questions from this game. An Answer Key is included so you can play with your students over class meetings.

Question 1
Compare.

2.522 1.761

BACK < = > NEXT
